“Under the Sea”

Today we had a visit from Miranda of the PERFORM drama school who took workshops for the Early Years children, Years 1 and 2 and Years 3 and 4, helping the children develop their imaginations as they pretended to be a series of sea creatures helping Dolly the Dolphin to find her lost treasurer, the Pearl of the Ocean. There were lots of actions and movement to music, as well as poems and songs. We all laughed a great deal and had a huge amount of fun.

The children have brought home with them a leaflet with different vouchers on trial offers, giving time and place of the Perform after-school groups that are available. The children can really gain confidence and social skills from attending workshops such as these and if you were to see how much they enjoyed themselves today you would have no doubts as to the fun the children had!
